MACCHINE**

COMBINATION OF MK S CNC + COBOT + ORK

Technical specifications

Fully automatic combination controlled by Numerical Control made by:

- **MULTIMATIK S CNC** – See specific brochure
- **COBOT UR 10e**
- **ORIENTALMATIK** – See specific brochure

Details

- The Numerical Control machines, are made to meet all needs with precision, speed, repeatability and reliability.
- Collaborative Robot UR 10e helps to solve labor shortages. Increase productivity and improve product quality. It provides a cost-effective, flexible and safe automation solution.
- The combination with an Osai Numerical Control with technologically advanced solutions and with electronic cam allows the machines to give maximum flexibility and reliability. The machines are standard delivered with a dedicated CAD-CAM software.
- Maximum working length 1500mm
Maximum diameter in automatic cycle 140mm.

Safety

Machines comply with CE standards to guarantee highest operator safety.

Decibel

The total noise of the plants is less than 85 decibels.

Weight

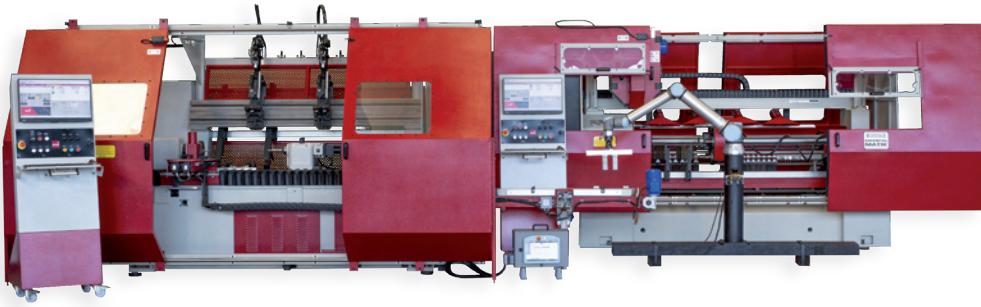

Weight Kgs. 7290

Excellence policy

Deep knowledge of detailed customer needs is a true passion at Locatelli Macchine, empowering Research and Development efforts in the design of high performance, versatile machines, which are extremely reliable and easy to use. In order to meet all regulatory standards and to ensure maximum quality of processing, only components which satisfy the highest market standards are taken into consideration for Locatelli Macchine products.

Our technical assistance service provides an immediate response to technical inquiries arising from our wide range of international customers.

COMBINATION OF MK SCNC + COBOT + ORK

Technical specifications

Fully automatic combination controlled by Numerical Control made of **Multimatik S CNC + Cobot UR 10e + Orientalmatik**.

Ideal flexible machining center for turning and sanding all wooden products till a maximum length of 1500mm and a maximum turning diameter of 140mm.

	MULTIMATIK S CNC	ORIENTALMATIK
Maximum length	1500 mm	1500 mm
Maximum diameter in automatic cycle	140 mm	140 mm
Minimum diameter	20 mm	20 mm
Maximum diameter with manual loading	160 mm	160 mm
Total power installed	28 Kw	4 Kw
Overall noise	less than 85 decibels	less than 85 decibels
Machine weight	3400 Kg	3890 Kg
